PUBLISHING OF STUDENT PHOTOS AND VIDEOS AND PARTICIPATION IN VIDEO CONFERENCING

As a record of school events, photos and videos are taken of students engaged in various activities such as sporting events, excursions, performances and guest appearances and the numerous activities that take place in the classroom or the school grounds.

Photographs and samples of children’s work may be published in the local newspaper, class booklets, school newsletters, the Annual School Report, on the school website, and the school’s internal intranet.

Under the Privacy Act, permission is required to publish such photos and videos in the public arena and for student participation in video conferencing.

Please Note:
Students at the school regularly participate in optional activities outside the school grounds such as choir, dance, public speaking and carnivals. Parents will be advised on separate permission notes in regard to the arrangements for photographs/videos in such cases.
